

Breaking Down Inside

Calvin Richardson

As I sit here all alone
Wondering where, where did I go wrong
Stare at your picture hanging on the wall
Reminiscing about all of the good times we had

There's got to be some way to show you
Show you how much I need you baby

Cause I'm breaking down inside
Ever since you walked out my life
Said I'm breaking down inside
Ever since you said say goodbye

Love, love is something I never thought
I never thought never thought would happen happen to me
But when you came in my life
You made everything what it was supposed supposed to be

You're my best friend, you're my all in all yeah
I'll be whatever it takes whatever it takes just to win your love
back again
Loving you you was the best thing that happened to me
Now I find myself in this lonely place that I never thought thought I would be

Cause I'm breaking down inside for
Ever since you since you walked out my life
Said I'm breaking down inside oh baby
Oh ever since you said say goodbye

Don't leave me baby oh no don't leave me baby
Can't you see this man this man this man this man this man need
you in my life
Everyone said you listen to me
Please cause I got needs for way over
Please I know girl I'm breaking down inside
