

# Can't Let Go

Calvin Richardson

In one million years  
I never thought I'd meet someone that's perfect  
I never thought there, was  
Someone to make my mind go round in circles  
I never thought there was  
A beach with jet-black sand in Jersey

Like my legs, I can't walk around without you  
Like my heart, the rhythm's bound to change without you  
(The way it beats)  
Tappin' on my mind, when I think about you girl  
Holdin' on, I can't let go of you...

Said I heard, that it never really rains in Arizona  
That's what I heard, and it came  
From the mouth of the one that I'm all in love with, girl  
Like the words of a preacher to the ears of a deacon  
Your eyes don't see the same when you're sleepin'  
I'm so in love, in love, guess I'm goin' to Arizona

Like my legs, I can't walk around without you  
Like my heart, the rhythm's bound to change without you  
(The way it beats)  
Tappin' on my mind, when I think about you girl  
Holdin' on, I can't let go of you...  
Holdin' on, I can't let go of you...

If I had to choose, between money and you, girl  
Give me sunshine and rain, pleasure and pain  
I'd rather be holdin' yo' body

Like my legs, I can't walk around without you  
Like my heart, the rhythm's bound to change without you  
(The way it beats)  
Tappin' on my mind, when I think about you girl  
Holdin' on, I can't let go of you...  
Holdin' on, I can't let go of you...  
Holdin' on, I can't let go of you...
