

Let Me Love On You

Calvin Richardson

Let me love on you
(I wanna be, I wanna be)
I wanna be the one that's true to you
Kiss and hug on you
(Kiss and hug on you, baby)
I'll do anything you want me to do
'Cause at the end of the day
I would go out my way just to love on you

I never need to talk about it
God knows I just couldn't live without ya
Baby, all these years we've been together
That's why with every day that goes by, it gets better and better
Baby, take my hand, come with me
To a place where love is free
And when we get there

Let me love on you
I wanna be the one that's true to you
(I wanna be the one that's true to you)
Kiss and hug on you
(Kiss and hug on you, like only your man can do, yeah)
I'll do anything you want me to do
(Anything you want me to do)
'Cause at the end of the day
I would go out my way just to love on you

When I told you that I loved you, baby
I know that you always asked about it
You did, you did
And though I never gave you reason to doubt me
But you got someone to love ya
Just so proud about it
So baby, take my hand (Won't you come with me?)
To a place where love is free
And when we get there

Let me love on you (You, you, yeah)
I wanna be the one that's true to you (You)
Kiss and hug on you (Kiss and hug on you, baby)
I'll do anything you want me to do
'Cause at the end of the day
I would go out my way just to love on you

Let me love on you
(Let me love on you, let me love on you, you, you, yeah)
I wanna be the one that's true to you
(Baby, I'll be true, I'll be true to you)
Kiss and hug on you (Kiss and hug on you, yeah)
I'll do anything you want me to do
'Cause at the end of the day
(I'll go out my way to love on you, ay)
I would go out my way just to love on you

So if you ever really need somebody
(I'll be there)
So if you ever really want somebody

(I'll be)
Someone to sit down and talk to
Just sit there and listen
I'll be there
Baby, yeah, yeah
So let me take a walk with you, hold your hand
(I'll be there) I'll be there
With all the love I can, baby
(I'll be here)
Let me love on you
'Cause at the end of the day
I would go out my way just to love on you
