Crossroads

Calvin Russell

I'm standing at the crossroads There are many roads to take But I stand here so silently For fear of a mistake One path leads to paradise One path leads to pain One path leads to freedom But they all look the same.

I've travelled many roads And not all of them where good The foolish ones taught more to me Than the wise ones ever could One path leads to sacrifice One path leads to shame One path leads to freedom But they all look the same.

There were roads I never travelled There were turns I did not take There were mysteries that I left unravelled But leaving you was my only mistake.

So I'm standing at the crossroads Imprisoned by this doubt As if by doing nothing I might find my way out

One path leads to paradise One path leads to pain One path leads to freedom But they all look the same
