

# My Love Is So

Calvin Russell

It's a dark cold day in my life  
The rain is comin' down  
My clock is strikin' thirteen.  
I got to get together  
'cause my rent is comin' round  
And I've been trying to wash my memory clean.

Oh my love is so  
Oh my love is so  
And it just won't go.

It's another day in my life  
The cold winds always blow  
On the thirthy third day of december.  
Loneliness inside me  
That's all I'll ever know  
Till I forget to remember.

Oh my love is so  
Oh my love is so  
And it just won't go  
Oh my love is so.
