

Camelogue

Camel

Standing at the crosswalk -
Wonder which direction to go.
Listen to the smalltalk -
Claiming how they told me so.

I improvise,
Have to keep going for the song and the road.
A lonely rise,
Now I'm relying on a song of my own.
My own.

Early on detected -
Trouble had divided in two.
Acting unaffected -
Reflecting on the things I do.

A solo rise,
Have to keep going for the song and the road.
Temptation sighs,
Leave us a memory we've loved to know.

Fighting the lead -
I was so confused
Feeling so accused.

A solo rise -
Have to keep going for the song and the road.
Temptation sighs,
Leave us a memory we've loved and known.
What can I do ?
