

# I'll Never Look For Love

Cameo

Thank you love for caring all this time  
For every passing moment along the line  
I use to take this kind of love for granted, how I was wrong  
and now that I've been all around I've come back to you

And I'll never, ever look, look for love outside OUR DOOR  
Here's the love we've waited for, what's in the past will be no  
more  
I'm FOR you

let me hold you sweetheart just this time  
To remind us of what we mean to each other  
How can we let go when this is the only love we'll ever, ever want to know  
People say all things change, but our love will never say the same.....

Outside ooooh oooooh oooooh  
Let me hold you for this moment woah, woah, woah  
Here's the love we've waited for, what's in the past will be no  
more  
I..I..I..I..I..I..I..I..lovvve you  
I-I-I really dooooo
