

# Roller Skates

Cameo

Roller skates, roller skates, roller skates, roller skates  
Roller skates, roller skates, roller skates, roller skates

Roller Skates  
If you like this shooow!  
Throw your arms around  
Move hands in the air  
Don't be shy now  
We know that you can do it

Just one word at a time  
Now form a single line  
Turn yourself around  
Don't be shy now  
We like the way you do it

Raaah!  
Roll!  
Skates!  
Raaah!

Roller skates, roller skates, roller skates, roller skates  
Roller skates, roller skates, roller skates, roller skates

Sometimes! I think about  
My roller skating gigs  
It stays so clear in my mind  
About what my mama said  
Ah she said skate, skate  
Skate, skate  
Do you hop the line?  
Don't come back  
With a passed up board  
Or you gonna have a spank

Now don't you know  
That my fist hop  
Is a shattering of the hip  
And when I went to talk back  
She smacked me on my lip  
So from that day on  
I do I know, about  
What my mama said  
So instead of taking those skates outside  
I play, basket-ball instead

But I...(Rooll!)  
Roll! Yeah He!  
Yes I roll, Y I Roooooll!  
Sister (Skate!)  
Skate all night  
Till I hope tha line! (Rock!)  
Oh Yeah, Yes I rock

Roller skates, roller skates, roller skates, roller skates  
(Just Roller Skates!)  
Roller skates, roller skates, roller skates, roller skates

(In the whole wide world)  
Roller skates, roller skates, roller skates, roller skates  
...
