

Still Feels Good

Cameo

Hey, hey, hey, yeah
I wanna tell ya
Hey, yeah, ah ha
I'm here to tell ya

You try to be so cold
Right down to your very soul
Your curiosity elapse late
But now I'm leaving that all in the past

I wanna say
That it's now, huh
Still feels good to me
Right now I'm gonna check it out
And when I'm through, there'll be no doubt
Cause I intent on calling back at here

Hey
Still feels good to me
Hey
Yeah, hey, hey

[?]
Just like curiosity killed the cat
Satisfaction you qualify
We both know it's the only groove
I got that check it out
Ha

Hey
Yeah, hey
Hey

I wanna say
If it still
Still feels good
Still feels good to me
Right now I'm gonna check it out
But when I'm through there'll be no doubt
No, cause I intent on calling back at here

I wanna see, I wanna see
If it's there, if it's there
Still feels good to me
Right now I'm gonna check it out
But when I'm through there'll be no doubt
No, cause I intent on calling back at here
I wanna see

I wanna see
Feels good to me
I wanna see
Feels good to me
I wanna see
Feels good to me
I wanna see
Feels good to me

[x4]

I wanna see
If it still
Still feels good to me
Right now I'm gonna check it out
But when I'm through there'll be no doubt
Cause I intent on calling back at here

I wanna see, I wanna see
If it's still, if it's still
Still feels good to me
Right now I'm gonna check it out
But when I'm through there'll be no doubt
Cause I intent on calling back at here

I wanna see
Feels good to me
I wanna see
Feels good to me
I wanna see
Feels good to me
I wanna see
Feels good to me
