

# Liar

Camila Cabello

I don't care if you're here  
Or if you're not alone  
I don't care, it's been too long  
It's kinda like it didn't happen  
The way that your lips move  
The way you whisper slow  
I don't care, it's good as gone

Uh, I said I won't lose control  
I don't want it  
I said I won't get too close  
But I can't stop it

Oh no, there you go  
Making me a liar  
Got me begging you for more  
Oh no, there I go  
Startin' up a fire  
Oh no, no  
Oh no, there you go  
Making me a liar  
I kinda like it though  
Oh no, there I go  
Startin' up a fire  
Oh no, no

They're watching, I feel it  
I know I shouldn't stay  
I picture your hands on me  
(I think I wanna let it happen)  
But what if you kiss me?  
And what if I like it?  
And no one sees it

I said I won't lose control  
I don't want it  
I said I won't get too close  
But I can't stop it

Oh no, there you go  
Making me a liar  
Got me begging you for more  
Oh no, there I go  
Startin' up a fire  
Oh no, no  
Oh no, there you go  
Making me a liar  
I kinda like it though  
Oh no, there I go  
Startin' up a fire  
Oh no, no

Oh no, no, no  
Here comes trouble, no, no  
Startin' up a fire

I don't believe myself when I

Say that I don't need you  
I don't believe myself when I  
Say it, so don't believe me

Oh no, there you go  
Making me a liar  
Got me begging you for more  
Oh no, there I go  
Startin' up a fire  
Oh no, no  
Oh no, there you go  
Making me a liar  
I kinda like it though  
Oh no, there I go  
Startin' up a fire  
Oh no, no

(Yeah, nah, yeah, nah)  
Oh no, no, no  
Oh no, no, no  
Oh no, you're making me a liar  
'Cause your clothes are on the floor  
Another fire
