

Living Proof

Camila Cabello

Ah-ah-ah-ah-ah-ah, I promise
Ooh

Tell me something, but say it with your hands, slow
When you touch me, paint me like a Van Gogh (Oh)
I wanna study every inch of you
'Til you trust me to make the angels come through

Like a choir singing "Hallelujah"
When my body's crashin' right into you
When we align, ooh yeah
Do you feel me?
Can you feel me?
'Cause I can't breathe

Where did you come from, baby?
And were you sent to save me?
Ooh, there's God in every move
Ooh, and you're the living proof (Oh)
The way your hands can shake me
Soft to the touch like baby
Ooh, there's God in every move
Ooh, and you're the living proof (Oh)

Count the freckles, as they run down your spine
Show your demons, and I might show you mine
One at a time, yeah, yeah, what are you hidin'?
What a design, yeah, yeah, I wanna dive in
What a divine moment
Can you feel me? (Oh)
Can you feel me? (Oh)
'Cause I can't breathe

Where did you come from, baby?
And were you sent to save me?
Ooh, there's God in every move
Ooh, and you're the living proof (Oh)
The way your hands can shake me
Soft to the touch like baby
Ooh, there's God in every move
Ooh, and you're the living proof (Oh)

Like a choir singing "Hallelujah"
Ooh yeah, choir singing "Hallelujah"
Like a choir singing "Hallelujah"
Hallelujah, Hallelujah
Choir singing "Hallelujah"
Body's crashin' right into you (Oh)
Do you feel me?
Can you feel me?
'Cause I can't breathe (Oh)

Where did you come from, baby?
And were you sent to save me? (Oh)
Ooh, there's God in every move
Ooh, and you're the living proof (Oh)
The way your hands can shake me

Soft to the touch like baby
Ooh, there's God in every move (Ooh)
Ooh, and you're the living proof (Oh)

Like a choir singing "Hallelujah" (Baby, babe)
Ooh yeah, choir singing "Hallelujah" (Baby, babe)
Like a choir singing "Hallelujah," (Ooh) "Hallelujah" (Ooh)
And you're the living proof (Oh)
