I'm saying it's you, babe

Something must've gone wrong in my brain Got your chemical all in my veins Feeling all the highs, feeling all the pain Let go on the wheel, it's the bullet lane Now I'm seeing red, not thinking straight Blurring all the lines, you intoxicate me Just like nicotine, heroin, morphine Suddenly, I'm a fiend and you're all I need All I need, yeah, you're all I need It's you, babe And I'm a sucker for the way that you move, babe And I could try to run, but it would be useless You're to blame Just one hit of you, I knew I'll never be the same It's you, babe And I'm a sucker for the way that you move, babe And I could try to run, but it would be useless You're to blame Just one hit of you, I knew I'll never ever, ever be the same I'll never be the same I'll never be the same I'll never be the same Sneaking in L.A. when the lights are low Off of one touch I could overdose You say, "Stop playing it safe, girl, I wanna see you lose control." Just like nicotine, heroin, morphine Suddenly, I'm a fiend and you're all I need All I need, yeah, you're all I need It's you, babe And I'm a sucker for the way that you move, babe And I could try to run, but it would be useless You're to blame Just one hit of you, I knew I'll never be the same It's you, babe And I'm a sucker for the way that you move, babe And I could try to run, but it would be useless You're to blame Just one hit of you, I knew I'll never ever, ever be the same I'll never be the same I'll never be the same I'll never be the same You're in my blood, you're in my veins, you're in my head (I blame) You're in my blood, you're in my veins, you're in my head (I blame) And I'm a sucker for the way that you move, babe
And I could try to run, but it would be useless
You're to blame (you're to blame)
Just one hit of you, I knew I'll never be the same (I'll never be the...)

It's you, babe
And I'm a sucker for the way that you move, babe
And I could try to run, but it would be useless
You're to blame
Just one hit of you, I knew I'll never ever, ever be the same
