

Devil Music

Cancerslug

Devil music!
Devil music!
Suck a dick little bitch
You can die for my sins
Devil Music!
f*ck all these weak ass
Bullshit bands
Devil Music!
A crucifixion masturbation
Stick it in
A rock n' roll rebellion
Devil Music!

You might kill your parents
Or shoot up a f*ckin' school
Or it might make you do some things
You never knew you wanted to
Until you realize your lover loves me
More than they love you (Woo!)
And now you're terrified

That I might f*ck you both
Before I'm through
Cause playing
God damn devil music
Is what I was born to do

f*ck everything that came before
Devil music!
Shake your sexy ass across the floor
Devil music!
Like the apple of Eden
This shits rotten to the core
Ain't that what
Rock n' roll is for
Devil Music!

This is what rock n' roll is for
Devil music!
Devil music!
Devil music!
