

Disappointment

Cancerslug

Today's as good a day as any to die
So we won't go to work
We'll just sit and get high
Contemplating the world that we were never a part of

I wanna burn everything that I own
And walk down the road with no place to go
When I'm settled I can send you a letter to find me

Disappointment is all we're leaving behind
Disappointment is all we're bound to find
Disappointment is all there is in this life
Disappointment

Everytime I look in your eyes

I see sad reflections of the dreams that you hide
You keep them guarded from a world they can't live in
And if I'm lost, maybe you will get lost too
And then we'll be lost together until we find some place new
We'll build a world in our own image

Disappointment is what we're leaving behind
Disappointment is what we're bound to find
Disappointment is all there is in this life
So let me be disappointed with you
