

How To Die Inside

Cancerslug

Walk strong my son
In this world, hold your head up high
There's one thing left for you to learn
And that's how to die inside

This world will chew you up
And spit you out
Of that there is no doubt
So kill your feelings son
The only one to trust here is yourself

Be strong my son
In this world
Don't believe their lies
The best thing I could teach you now
Is how to die inside

This world will chew you up

And spit you out
Of that there is no doubt
So kill your feelings son
The only one, to trust here is yourself

Don't be afraid (don't be afraid)
Just let the feeling slowly slip away
Don't be afraid (don't be afraid)
Just let the feeling slowly slip away
Don't be afraid (don't be afraid)
Let the feeling slowly slip away
Don't be afraid (don't be afraid)
Let the feeling slowly slip away
