I'm Gonna Wear Your Blood

Cancerslug

its time you met your ending the last breath out of you but just know, your not the only one so breathe in deep my anger and taste the sweetest pain but just know, your not the only one shake to the rhythm of all out rage and if its still alright to die i'm gonna dance naked in the moonlight covered in your burn in the emptiness of your hate because if its still alright to die all i know is that i'm going to wear your blood i only wanted something something to call my own and i know i'm not the only one but all i'm wanting now is to be left alone i know i'm not the only one
