

Nothing

Cancerslug

And it dont mean nothing to kill a beautiful girl
no it dont mean nothingat all -
and it dont mean nothing to hold her in your arms
even if her body is not warm -
I want to be alone
I want to see your body torn
I want to watch as you die
I want to see true terror fill your eyes
and it dont mean nothing to leave your baby alone
with all the demons of the world
and it dont mean nothing, that I am surely one
no, it dont mean nothing at all
