

Swamp Song

Cancerslug

And if I die
It'll be alright
Don't shed a tear
Don't waste your time

You were my only friend
And that will still remain
And even in the end
I know we shared our pain

Just leave me where I lay
And don't think of me again

And if I die

It'll be alright
Don't shed a tear
Don't waste your time

You were my only friend
And that will still remain
And even in the end
I know we shared our pain

Just leave me where I lay
And don't think of me again
