

Do Not Enter

Canned Heat

Do not enter I don't want you in here
Do not enter I don't want you in here
I would like to love you but I'm so full of fear

That's what she said when she hit my bed
That's what she said when she hit my bed
She did not dare to love or fill my care

Early warm but later not so good
Early warm but later not so good
She broke down she would not come around

I don't need no woman who lays around like a log
I don't need no woman who lays around like a log
I don't want no [?] she don't [?]

Don't start crying baby that won't do ya' no good
Don't start crying baby that won't do ya' no good
If you did what you want then you would not wish you could

You want what love can bring
And you've got to do that thing
Don't be a fool, reject your father's rule
