Taking over for the Kingdom put that on your ringtone
So everytime the phone ring they know that the spots on
They know that the games on they know that the games gone
Took it like you was a kid and I was like a man grown
Search your land and took all your goodies like David
Coming and we ain't wearing no hoodies less rated
God the Father Christ the Son
Star players on the team we already won won
Everything you got you have it on rental
Now devil I want it back and you can keep your dentures
Mirror mirror on the wall
(I ain't asking you a thing cuz' you might be on they team)
I'll just go to my daddy cuz you a little chatty
I don't need that in my ears life is smoother than a caddy
Taking over for the Kingdom put that on your ringtone
Looking for me I'll be somewhere shooting in the world zone

Taking over for the Kingdom
Put that on your ringtone
[x8]

I won't go back and fought like ping pong
Dominate like King Kong
Got it locked like my eyes
Whenever my teams on
Ever later Hong Kong
Let it ring like Ding dong
We more than conquer that
Oh like the thunder cat
We caught the thief, seven times we bought to reap
Yeah he tried to creep
But we bout to put the creep to sleep
Ay Jesus got the power man
Now I got the power man
Taking over in the streets
Bout to go posses the land
Remind myself
I keep it behind myself
And I make sure
I don't leave my love letters on the shelf
I been through it
Stick through it
And make sure my bling is on

Taking over for the Kingdom
Put that on your ringtone
