And if you call my name
I don't recognize it
If I look at my face
I don't recognize it
I don't recognize it
I don't recognize it
I don't recognize it

And if you call my name
I don't recognize it
If I look at my face
I don't recognize it
I don't recognize it
I don't recognize it
I don't recognize it

And if you call my name
I don't recognize it
If I look at my face
I don't recognize it
I don't recognize it
I don't recognize it
I don't recognize it

And if you call my name
I don't recognize it
If I look at my face
I don't recognize it
I don't recognize it
I don't recognize it
I don't recognize it
