

# Chasing You

## Capital Cities

Broken down on the side of the road  
It'd be nice if you could help me out  
I drove for miles to the place I was told  
I could find you in the shadow of doubt

But you weren't there  
(I was there)  
You weren't there  
(I was there)

Chasing you  
It's the only thing I want to do  
But now I'm facing you  
What the hell am I supposed to do

Is it foolish to follow the rules when everybody's following you  
You gave directions that make no sense and now I'm fucking stuck in a loop

But you're not there  
I was there  
You're not there  
I was there

Chasing you  
It's the only thing I want to do  
But now I'm facing you  
What the hell am I supposed to do

You must think I'm a mannequin  
Because I only come alive in my Sunday best  
But somehow I'm on the run again  
So you probably shouldn't hold your breath  
Don't train yourself to be a fool  
I only want to stick around if you pass the test  
Don't cross the line  
Stop chasing time  
Cause in time you'll find that I-I-I'm just  
Chasing you  
Chasing you

Chasing you  
It's the only thing I want to do  
But now I'm facing you  
What the hell am I supposed to do

I'm  
Chasing you  
It's the only thing I want to do  
But now I'm facing you  
What the hell am I supposed to do

Chasing you  
Chasing you
