## Drink Till I'm Sick Polka

## **Captain Everything!**

"So what?" was said to you About last night None of it makes sense to read aloud You heard it Once or twice before But I can't comprehend This place is dead And maybe in time We will all be Buried along with it As if it really Matters any more Something to Say about The way we are We listened so attentive to The 'How it should be' But didn't hear a thing So here's to you and me The apathy Was never really clever anyway It was all a game But we played it just the same And even if it takes forever I could wait forever "So what?" Now? And even if it takes forever I could wait forever "So what?" Now-ow-ow? "So what?" was said to you About last night None of it made sense to read aloud You heard it Once or twice before But I can't comprehend This place is dead And maybe in time We will all be Buried along with it Leave this sinking ship and Even if It takes Forever Ι Could wait Forever Even if It takes Forever I'll be Gone I'll be

Gone

Even if It takes Forever I Could wait Forever Even if It takes Forever I'll say
