

# One Christmas Catalogue

Captain Sensible

Many years ago  
More than I can say  
'Cause I wasn't there  
It was yesterday

Statues have their fun  
People have their day  
And history comes and goes  
It's time for us to play

And there's a turkey in the wings  
He doesn't dance and he can't sing  
Christmas to Christmas  
One Christmas catalog too many  
Christmas to Christmas  
One Christmas catalog for you

Every plane can fly  
Ships take to the sea  
Baby you and I  
We are you and me

All the nuts and breaks  
Through the mists of time  
And even at this point  
Are really quite sublime

Is it Christmas  
Christmas  
Is it Christmas  
Christmas  
Is it Christmas  
Christmas

Certain summer trips  
Day turns into night  
'Til we squeeze the pips  
Let's just leave the lights

And outside it's cool  
Here it's fresh and bright  
Whyn't you take my arm  
Let's get out of sight

(2x)  
Is it Christmas  
Christmas  
Is it Christmas  
Christmas  
Is it Christmas  
Christmas
