

## Connect the Dots (The Saga of Frank Sinatra)

Car Seat Headrest

Little boy says I'll be in love with my fists  
Little boy says I'll be in love with my punches  
Little boy says what should I do with my hands mom?  
Little boy is told not to do anything wrong

When I die I'll be taken to the constellations  
Have a drink, relax, there'll be some introductions  
This is Cassiopeia, this is Orion  
This is Cindy, this is Nathan  
That's Chrissy and the other Nathan

I know that it's a lot to remember says mother  
I know that it's a lot to remember says father  
I know that it's a lot to remember says mother  
I know that it's a lot to remember says father  
I know that it's a lot to remember says mother  
I know that it's a lot to remember says father

I speak these words in utter isolation  
I drive the car in a line from star to stardom  
Little boy says I'll touch the heart of the nation  
Little boy says I'll punch the heart of everyone

When I die I'll be taken to the constellations  
Have a drink, relax, there'll be some introductions  
This is Cassiopeia, this is Orion  
This is Cindy, this is Nathan  
I just met him, no that's the other Nathan!

I know that it's a lot to remember says mother  
I know that it's a lot to remember says father  
I know that it's a lot to remember says mother  
I know that it's a lot to remember says father  
I know that it's a lot to remember says mother  
I know that it's a lot to remember says someone

You won't see who you want to see there  
No one will want to be in your band  
You'll have to learn how to make it on your own  
Spend a little time with your own hand

(we were heroes back home  
We are heroes back home)

Little boy says I'll be in love with my fists

And we're never gonna never gonna get a job [x4]  
FUCK...OFF...TEENS!!!!
