

## Goodbye Love

### Car Seat Headrest

Sweet Maria, one leg out the window  
Waiting to escape by light of moon  
Can I spend a little longer with the other?  
Does it have to run so soon?

Little Claudia, I can't speak your language  
And I don't mean to be unkind  
But when you put my hand upon your belly  
I don't want to know what's on your mind

And you, my dear, the fairest of the blossoms  
Though you only bloom at night  
You're at my side in sports and shorts in daytime  
Dear Alex, let our love lie in the light

My mother used to say  
You gotta find somewhere to stay  
And the more you love, the more you say goodbye  
Well I can't say she was wrong  
And my love for you is strong  
But I'm afraid I must be on, goodbye love  
Goodbye love, goodbye love, goodbye love
