

(Joe Gets Kicked out of School for Using) Drugs with Friends (But Says This)

Car Seat Headrest

I get to know myself every weekend and I'm weak

Hangovers feel good when I know it's the last one
Then I feel so good that I have another one

Last Friday I took acid and mushrooms
I did not transcend, I felt like a walking piece of shit
In a stupid looking jacket

I walked around town and thought I was in Sodom
There were filthy people seeking comfort for their bodies
It was so obscene

Filled with loathing and religious fervor
I laid on my friend's bedroom floor for an hour
And tried not to piss my pants

And then I saw Jesus

And he said

"Who are you to go against the word of my father? And
Who are you? the scum of the earth"

No we are just, we are just, we are just teens of style
Oh we are just, we are just, we are just teens of style

There were people getting drunk, there were people getting high
They were falling to pieces right before my eyes
And I said "mmhmm" a lot (mmhmm)

And there was one guy there who kept asking me how does it feel (are you sure)

And I didn't even know how to begin to answer that question (you don't want to talk about what you're experiencing)

So I just said I don't want to talk about it (and I just said no)

So there I was, just another shitbag civilian

Afraid of the cops when I was outside, afraid of my friends when I was inside

And I grew tired of the scene

And then my dad showed up

And he was like

"Who are you to go against the word of our fathers?"

"Who are you? the scum of the earth"

No we are just, we are just we are just teens of style

No we are just we are just we are just victims of the contemporary style

Yes we are just we are just we are just we are just going along with the modern style

Now everybody, everybody, everybody's going along with the modern style

Let's do it together

It goes:

Drugs are better, drugs are better with

Friends are better, friends are better with

Drugs are better, drugs are better with

Friends are better, friends are better with

Drugs are better, drugs are better with
Friends are better, friends are better with
Drugs are better, drugs are better with
Friends are better, friends are better with
Drugs are better than friends
Are better than drugs
Are better than friends
Are better than drugs
Are better than friends
Are better than drugs
Are better than friends
Are better than-
Drugs are better, drugs are better with
Friends are better, friends are better with
Drugs are better, drugs are better with
Friends are better, friends are better with
