

## Is This The Life

Cardiacs

Following around to see a life that's never in  
Always calling itself on its own phone  
Though its never quite at home in the world today

See it to arranging the day  
Prepared in its own special way  
With added loving care  
Though its not been there since yesterday

Looking so hard for a cause  
And it don't care what it is  
And never really ever seeing eye to eye  
Though it doesn't really mind

Perhaps that's why It never really saw  
Never really saw  
Saw
