

## Broken Record

Career Soldiers

My life is like a broken record  
The same shit keeps repeating itself  
The worst part of my life, and of the record  
Find comfort in making my life hell

Over and over, time and time again  
I've been through this shit before  
I want this life, and this record  
Smashed to pieces on the fucking floor

Another night with a bitter end  
Surrounded by people I can't fucking stand

Leave me the fuck alone  
I'm putting an end to this show  
Breaking the cycle and starting something new  
Putting the end in friend so fuck all of you
