

# Anything

Carl Thomas

Oh, yeah  
Oh, oh, oh yeah  
Oh, yeah yeah

Anything

I am anything  
I'm the one that you're perceiving in your heart

Anything

I am anything  
If you think of me I'll be right where you are

Anything

I am anything  
I'm the distance love can go that you don't do

Anything

I am anything  
If you reach for me then I'll reach right for you

Anything

I am anything  
I'm the darkness in the ocean, the sea blue
