

# Heart Of A Champion

Carman

I can feel the pressure coming down on me  
People say that I'm not destined to succeed  
But I have the faith I need to carry on  
And I will find the strength in me to prove them wrong  
It isn't for the thrill  
It isn't for the prize  
It's all about a fight to stay alive  
Knowing that the dream can still survive

When you're out there on the edge  
And the odds you face are life and death  
You've got to have the heart of a champion  
When your time is running out  
And everybody sees you're going down  
You've got to have the heart of a champion  
When your back's against the wall  
And your rival thinks you're gonna fall  
You've got to have the heart of a champion

Listen  
I have been through thick and thin and every vice  
Standing in the winner's circle has its price  
I have learned to fight the good fight to the end  
And if I had to I would do it all again  
And when the sun goes down  
I won't fear the night  
I will keep my head towards the sky  
Knowing that the Lord is on my side

And when the darkness falls  
I won't fear the night  
I will keep my head toward the sky  
Knowing that the Lord is on my side
