

Now's The Time

Carman

[CHORUS]

Now's the time to celebrate when the Lord's your choice

Now's the time to celebrate and make a joyful noise

Now's the time to celebrate when the Lord's your choice

Now's the time to celebrate and make a joyful noise

Here's a jam goin' 'cross the land

And a jam that I think you know

It's a groove on the move and a groove

You've heard from the Word

Called the 1-5-0

Now this book called Psalm may look all calm

But it's anything y'all but mild

It's all about praise when the big band plays

And it makes the saints go wild

[CHORUS]

Bring the glory down with the trumpet sound

Let the tambourine kick, too

With the harp and the lyre everyone can here

How the praise of the Lord will come through

The strings, the brass, the cymbals clash

And the people clap their hands

The Spirit's right and with all their might

Everybody starts to dance

[CHORUS]

Let the people sing, let the people dance

Let the people sing, lifting holy hands

Let the people sing, let the people dance

Let the people sing, lifting holy hands

(repeat)

Hallelujah, Hallelujah, Hallelujah, Hallelujah

[CHORUS]
