

The Destination Is There

Carman

You felt it in your spirit: God's showing you something new,
Something no one else has thought of, but only you can do,
But just as your desire grew you got a little depressed 'cause you found no
destination for your dreams to manifest.

Your desire is the confirmation,
The destination is there,
God wouldn't put it in your spirit if it wasn't going nowhere,
So, set your sights on the promises and don't you be scared,
'Cause your desire is the confirmation,
The destination is there.

The vision's for a certain hour - I know it won't be late,
His promises will strengthen you if only you will wait,
Don't follow someone else's dream; keep your own in sight,
'Cause the vision that God gives you will keep you all your life.

Your desire is the confirmation,
The destination is there,
God wouldn't put it in your spirit if it wasn't going nowhere,
So, set your sights on the promises and don't you be scared,
'Cause your desire is the confirmation,
The destination is there.

Destination.

Your desire is the confirmation,
The destination is there,
God wouldn't put it in your spirit if it wasn't going nowhere,

So, set your sights on the promises and don't you be scared,
'Cause you desire is the confirmation,
The destination is there.

Your desire is the confirmation,
The destination is there,
God wouldn't put it in your spirit if it wasn't going no-where,
So, set your sights on the promises and don't you be scared,
'Cause your desire is the confirmation,
The destination is there,
