

# Dr. Wanna Do

Caro Emerald

I just made an appointment  
For a special rendez-vous  
To see a man of miracles  
And all that he can do

I checked in at reception  
Put my hat onto my lap  
And when he walked in dressed in white  
I had a heart attack

My eyes went ooh  
My voice just cooed  
My mind let loose  
I'll stay forever, it's up to you

(Dabedebedibedabedudohdoh)

Doctor I want you  
Mmm, my Doctor Wanna Do  
I can't get over you  
Dr. Do anything that ya Wanna Do  
Doctor I want you  
Mmm, my Doctor Wanna Do  
I can't get over you  
Dr. Do anything that ya Wanna Do

I sat down and I waited  
'Til I heard my name get called  
It's like I'm at the races  
And I think I won them all

He asked me to step forward  
First I caught my breath, and ran  
For endless observation  
In the hands of Superman

My eyes went ooh  
My voice just cooed  
My mind let loose  
I'll stay forever, it's up to you

(Dabedebedibedabedudohdoh)

Doctor I want you  
Mmm, my Doctor Wanna Do  
I can't get over you  
Dr. Do anything that ya Wanna Do  
Doctor I want you  
Mmm, my Doctor Wanna Do  
I can't get over you  
Dr. Do anything that ya Wanna Do

Come over here and give me some medicine  
Move a little closer so my head can spin  
A little bit of potion makes my fever go  
Get it out of me me like a volcano

My eyes went ooh (uhuh uhuh)  
My voice just cooed (you know it)  
My mind let loose  
Mmm, Dr. Love

(Dabedebedibedabedudohdoh)

Doctor I want you  
Mmm, my Doctor Wanna Do  
I can't get over you  
Dr. Do anything that ya Wanna Do  
Doctor I want you  
Mmm, my Doctor Wanna Do  
I can't get over you  
Dr. Do anything that ya Wanna Do
