

## Turned Blue

Caroline's Spine

Let me tell you something about myself  
I think I'll tell you and nobody else  
Because deep down inside  
I know you're listening

I think about her every night  
Watch her dance beneath the moonlight  
She was the only one I could turn to, turn to  
And I'll never turn to anyone else

So now you know  
Just how I loved her so  
I did anything she told me  
You see, I'm a simple man with simple dreams

I'm telling you things are not what they seem  
Because deep down inside  
I know you're listening  
I wanted nothing but to make her feel

A life with me could be so surreal  
She told me not to let go  
Until she turned blue, turned blue  
And I'll never turn to anyone else

So now you know  
Just how I loved her so  
She wasn't supposed to go away  
I did anything she told me

Anything at all  
And I know she up there laughing  
She was the one and only  
She was, and now you know

Just how I loved her so  
She wasn't supposed to go away  
I did anything she told me...  
So let me tell you something about myself

I think I'll tell you and nobody else  
Because deep down inside  
I know you're listening  
She decided her fate that night

Shut her eyes for the last time  
She's the only one  
That could make you understand
