

The Power Of Love

Carolyn Arends

Chorus

So many living for the love of power
Wanting more until their final hour
The day has come for us to be part of
The ones who find a ruler in the power of love
Oh lei de lei de lei de lei the power of love
Rich man - your pockets are full
Money - it burns a hole in your soul
Poor man - with the hungry heart
You can be the place where the changes start

Repeat Chorus

Nations - your raging must cease
Listen - The Prince of Peace
Is calling those with hearts to hear
To rise up in His name where there once was fear

Repeat Chorus
