Did you ever really think about how you could always make me think

nobody else in the world can make me truly happy?

I'm crawling on my hands and knees to see if I can find a key
to lock up how you make me feel, I wish I didn't feel anything.

Do you know that you still, you still have a piece of my heart
You always will, always will, still have a piece of my heart

If you ever find me hiding in your memory,
I hope you remember me and everything we used to be.

I'm stuck here with you, but you're not here anymore
I got it stuck in my head, you would hold me together, now I'm
falling apart.
You say you want me to stay but you do everything to make me want
to leave.
I'm stuck here with you, but you're not here anymore.

I'm breaking down and losing weight, half my body dissipates.
I'm losing all the strength I have, my body can't do anything.
I'll put my guitar down for this, and open up my heart a bit
Scream out for the first time, first time in a long while

Do you know that you still, you still have a piece of my heart
You always will, always will, still have a piece of my heart

If you ever find me hiding in your memory,
I hope you remember me and everything we used to be.

I'm stuck here with you, but you're not here anymore
I got it stuck in my head, you would hold me together, now I'm
falling apart.
You say you want me to stay but you do everything to make me want
to leave.
I'm stuck here with you, but you're not here anymore.

I'm not gonna change, I'm not gonna change,
I'm not gonna change, can't change a thing.
I'm not gonna change, I can't change a thing.
I'm not gonna change, I'm not gonna change,
I'm not gonna change, can't change a thing.
I'm not gonna change, I can't change a thing.

I'm stuck here with you, but you're not here anymore (2x)

Do you know that you still, you still have a piece of my heart
You always will, always will, still have a piece of my heart
