

# Listen To My Heart

## Cartoons

Listen to my heart, it's calling you  
Listen to my heart, you know it's true

Once again, I am on my own  
She's decided she's better off alone  
So I go out by myself  
Trying to find someone else for me

(Listen to my heart)  
Listen to my heart, it's calling you  
Listen to my heart, you know it's true

I know that she's out there somewhere  
She's just waiting for someone who can care  
So I stand by patiently  
Hoping one day she'll find me

Where can she be?  
(Where can she be?)

(Listen to my heart)  
Listen to my heart, it's calling you  
(Listen to my heart)  
Listen to my heart, you know it's true

If you're out there, I'll be out there too  
If you hear me, I'm the one for you

(Listen to my heart)  
Listen to my heart, it's calling you  
Listen to my heart, you know it's true
