Ride

Cary Brothers

```
You are everything I wanted
The scars of all I'll ever know

If I told you you were right
Would you take my hand tonight?
If I told you reasons why?
Would you leave your life and ride?
And ride...

You saw all my pieces broken
This darkness that I could never show

If I told you you were right
Would you take my hand tonight?
If I told you reasons why?
Would you leave your life and ride?
And ride...
```
