

Run Away

Cary Brothers

It ' s another day,
And I suffocate -
With no peace of mind -
And the forecast tells of a summer storm.
So I call you -
Sound in circles-
Will you come tonight?

You' re gonna run away -
You' re gonna run away .

Listen up-
And I ' ll tell you why .
' Cause the feeling won ' t quit -
The memories sit -
They ' re nothin ' now .
So I call you -
Sound in circles-
Will you come tonight?

You' re gonna run away -
You' re gonna run away .

How long?
Dear, how long?
Rushing for long, long time-
Keeping it all alive.
How long?
(How long?)
Dear, how long?
(How long?)
Waiting for one last day -
But will you be gone away?

So I call you -
Sound in circles-
Will you come tonight?

You' re gonna run away -
You' re gonna run away .
You' re gonna run away -
You' re gonna run away .
