

Feels So Long

Case

Everything has changed
They'll never be the same
Something that I said
Made you leave to ease the pain
Now I'm all alone
And can't move on
Cause the love I thought was mine and now it's gone

And I know the stars will follow me and end with me
Always be a part of you that lives inside of me
And it's only been a week but it feels so long
Since you been gone
Since you've been gone..

All that was well done
What did I say or do
Things was going rough
But we always made it through
How could we have let it go so wrong
And I can't call you so I tell you in this song (song, yeah)

And I know the stars will follow me and end with me
Always be a part of you that lives inside of me
And it's only been a week but it feels so long
Since you been gone
Since you've been gone..
