

Trust

Case

Can I trust you with right now?
Forever?
Inside me is everything I've ever been
And everything you've ever seen
And everything we could ever dream
(Tonight is about you)
So tell me
Can I trust you right now?
(Tonight is about you)
Forever?

(Then I saw heaven)
I feel you like a memory
But I can't recall if we
(Then I saw heaven)
I can't recall how we
I can't recall
(You are my number one)
Do you know
(You are my number one)
If I can trust you
(Yes yes yes)
Forever?

All we have is here
All we want is near
All we need we are
Heaven isn't so far
So maybe I'll stay
Maybe I'll stay with you
Right now?
(And I don't know)
Maybe it's supposed to be you right now
Can I trust myself right now?
Forever?

(Then I saw heaven)
I will remember this moment in time
I decided to chose you
(Then I saw heaven)
You, do you trust you?
With this right now, yeah
(Yeah yeah)
With me right now, yeah
Can I trust you with right now?

Tell me all the words to say
To make sure that you'll always stay
Come wrap your love around my love
I swear we'll make time stop

Oh baby
Keep my heaven here
Keep my loving here, yeah

(Then I saw heaven)
Inside me is everything I've ever been

Everything you've ever seen
(Then I saw heaven)
Everything we could ever dream
So tell me
Can I trust you right now?
(Yes yes yes)
Forever?
Right now?
Yes?
Say yes
Yes
