

Never Knew What Love Can Do

Casey Abrams

This pitch black room
Dark as the night
Then in walks you
Turning on the light
And then I realize

Never knew what love can do
Never knew what love can do
Never knew what love can do
Till I found you!

The music sounds
Like an underwater symphony
You came around
I hear your voice say my name
And I hear everything differently now

Never knew what love can do
Never knew what love can do
Never knew what love can do
Till I found you!

Never never knew what love can do
Never knew what love can do
Never knew what love can do
Till I found you!

Never knew what love can do
Never knew what love can do
Never knew what love can do
Till I found you!

Never
Never
Knew
