

## Really Saying Something

Casey Abrams

I gave her ice cream on a sunny day  
The ice was melting and she wouldn't stay  
She didn't say goodbye as she walked away  
And that's really saying something

We went to dinner and it was my treat  
I walked for ages and had tired feet  
But when I got there she didn't save my seat  
And that's really saying something to me

I gave her lovin' from the very start  
She didn't know it but she had my heart  
I'm missing her, missing her, missing her, missing her when we'  
re apart  
And that's really saying something to me

I bought her flowers and a bottle of wine  
I dreamed about her and forgot about time  
And for a second there, I thought she was mine  
And that's really saying something 'bout me

And when we finally got cheek to cheek  
I lost my cool and couldn't think for a week  
I'm kissing her, kissing her, kissing her every night in my dre  
ams  
And that's really saying something to me

I saw her hanging with another band  
They were off together, hand in hand  
I started feeling like I was the man  
I had the freedom in my hand  
I'm listening, listening, listening, now I do understand  
(I'm listening, listening, listening, now I do understand)  
And that's really saying something  
(It's really saying something)  
It's really saying something 'bout me□
