

## Butt Hash

Casey Jones

So fucked and pathetic you sniff your own shit  
Drink up the piss out of your own dick  
Waiting to swallow a pile of your choice  
You smile ear to ear as the waste takes its course  
Human waste - what are you doing to yourself  
Human waste - dying young  
Human waste - hitting bottom isn't enough  
Human waste  
A drastic digression, a worthless depression  
Sinking to a perplexed state of mind  
All hope is lost for your time well spent  
No one can change you, get rid of it  
Human waste - what are you doing to yourself  
Human waste - dying young  
Human waste - hitting bottom isn't enough  
Human waste  
When will you fucking get it  
Lifeless, dead alone  
Lifeless, hope is gone  
Human waste, what the fuck
