

Baby Don't Cry

Casey Veggies

Guess that love shit don't last forever
You was in love girl now your ass whatever
At the end of the day I need my cash'n'cheddar
And the groupies make the masses
Back whenever but now I'm mad at always
When I hit you up you'll be gone all day
Like when I hit you up I'll be like come play
You be like I can't I made plans today
Damn I thought I was your man
I thought no matter that you should always understand
Cause I swear my plan ain't to get up in your pants
But you need to give me something you don't give another man
I need to feel sex is like everybody do
It just sucks you ain't around it was always me and you
We was always trying to chill we was always trying to do what
It wasn't love bomb but that shit just blew up
Ain't seen her text but that girl never knew us
The thing I love about you you was never homey
Now when I halla at you you'll be acting crazy

Baby don't cry
Hope you got your head high
Even when the road is hard
You can't give up
Baby don't cry
Hope you got your head high
Even when the road is hard
You can't give up
Baby don't cry
Hope you got your head high
I know it ain't cool
But shit will get better
Baby don't cry
Hope you got your head high
I know it ain't cool
But shit will get better

I really love how you are
Just thinking bout your future
And trying to get your homework done
That was so super
Don't wanna loose ya
But that don't mean I did
Ain't talk lately and that shit kinda weird
You know I can get any girl I really search for
But really girl to me you seem like you worth more
You something to work for you made it so hard
I think that's one of the reasons you was up in my heart
I just wanted your love I ain't want it to end
Cause I need someone to call when I'm in need of a friend
But I guess I didn't do right but I can't regret nothing
Cause I was just doing me and I ain't a fan of fronting
Crazy the sunlight lift you get shady
Maybe I should just leave so you can stay free
Really let go of the part of you that made me
If I stay gone you will always be my baby on

Baby don't cry
Hope you got your head high
Even when the road is hard
You can't give up
Baby don't cry
Hope you got your head high
Even when the road is hard
You can't give up
Baby don't cry
Hope you got your head high
I know it ain't cool
But shit will get better
Baby don't cry
Hope you got your head high
I know it ain't cool
But shit will get better

Baby don't cry
You gotta keep your head up
I know it ain't cool
But shit will get better
I don't know what to do
Why you even crying?
Wipe your tears off your face
We've been thinking about the past
I've been thinking about your face
I've been thinking about your ass
But now when I see you I just gotta walk past
Cause every time we get back
That shit won't ever last
Just said I'm telling you don't try
Cause I know I ever hurt you inside
Smiling in my face but
You'll be acting like improve
You niggers ain't shit man
I ain't worried about them guys
Them guys is something like shrimp fries
Small and we told that we love all the above
All in the blood and that was just because we was close
What happened?
Now nigger's just sitting here out rapping

Baby don't cry
Hope you got your head high
Even when the road is hard
You can't give up
Baby don't cry
Hope you got your head high
Even when the road is hard
You can't give up
Baby don't cry
Hope you got your head high
I know it ain't cool
But shit will get better
Baby don't cry
Hope you got your head high
I know it ain't cool
But shit will get better better

You don't even gotta cry
Cause I'm here
