Casey Veggies

She gon ride me like a bass line  
Got her playin with that pussy on the facetime  
Gotta keep it movin baby I can't waste time  
Told me keep it on me in case they tryna take mine  
We ain't stressin about no bankroll  
I take a loss and double back that's how the game go  
And I be on that side of town some niggas can't go  
They see you shining rocking diamonds  
Yea but they don't feel your pain though

In love with that dough I count it backwards I'm like yea  
Funny when you winnin they come at you I'm like yea  
I was down so long till I came back up they didn't care  
I just need some love I feel the hate up in the air  
All them early mornings we was grinding wasn't there  
Shawty want the boy to fall in love but life ain't fair  
All them groupies on me I needa type I cant compare  
All them niggas on her but she want me cuz I'm rare  
Been living fast  
Like nitro  
Better count your blessings  
Or they might go  
Little baby heart  
Ice cold  
Finesse the plug  
She got em sold

She gon ride me like a bass line  
Got her playin with that pussy on the facetime  
Gotta keep it movin baby I can't waste time

Keep the flyest chick  
Pull up in the flyest whip
