

Goal Digger

Casey Veggies

Young nigga I done came up
It's crazy all these people that done changed up
Goin through the struggle it was painful
Put that on my mama I can change it
I'm the one that told ya life changes
Now I'm lookin at life from different angles
Boy meets world on some Corey and Topanga
Baby girl that body so dangerous
Baby girl the fame so dangerous
They catchin bodies in the hood it's dangerous
I'm just tryna stick to what the aim was
You fell in love with me now you a stranger
She lookin so good it got me like damn
She the type to go and get a new man
Keep it real you had me makin new plans
Is you a groupie or my number 1 fan
Aww man

Yeah, can't fuck with these hoes that only want me when I'm winnin
I need a bad little mama that don't depend on me to go get it
Shawty take it slow I need to know if you a gold or goal digger
She got her own car own money mind right baby I'm widdit
Can't fuck with these hoes that only want me when I'm winnin
I need a bad little mama that don't depend on me to go get it
Shawty take it slow I need to know if you a gold or goal digger
She got her own car own money mind right baby I'm widdit
I been watching girl even though I ain't seen you in a minute
Got my eyes on you even though I ain't seen you in a minute
I been watching girl even though I ain't seen you in a minute
Got my eyes on you even though I ain't seen you in a minute

She get bread
No tax
Drop low
Four flat
Pop culture
She knows that
But not sosa
She so black
She thicker than a snicker
Pickup lines don't pick up mine
She ghetto like a pickle from the liquor store
In the nick of time we reconnected
Thought it be cool to review what we neglected yea
Don't need a job cuz you got the best career
Plus passive income from investments dear
Don't need a stylist cuz you flyer than nest in here
Plus you contagious like a virus in election year oops
You got a gang of suitors go figure
I got a gang of shooters cold niggas
And either way it go they all with us
To know the difference between a fuckin gold or goal digger

Yeah, can't fuck with these hoes that only want me when I'm winnin
I need a bad little mama that don't depend on me to go get it
Shawty take it slow I need to know if you a gold or goal digger
She got her own car own money mind right baby I'm widdit

We soak the game up baby I'm the man
It's really nothing for me to do this shit again
She a bad one that got her own plans
I have you somewhere laid up in the sand
Don't talk about it just put it in the bag
I did it for you cuz you never really ask
Let's run it up and let them haters do the math
Girl tonight you ain't gettin no pass
To make a mil I swear you gotta take a chance
My own label I ain't makin no band
Run up a check before I got my first advance
You fake niggas I ain't shakin yo hand
Lately I been thinking about expansion
Had a dream we were somewhere in a mansion
All this money can't buy all the answers
Fuck it might as well throw it on the dancers yea
