

Yeah

Smoking with my niggas talking 'bout the vision  
Done did so much to these niggas I feel like they forgetting  
I'm just out here trying to make the right decisions  
Lord done blessed me, I'm just tryna have a righteous living  
They gon' make me sin while I'm paper getting, yeah  
They gon' make me sin while I'm paper getting, yeah  
Bitches in my crib acting like they stripping  
Hope they don't make me sin while I'm paper getting

I want the bag, I want the bag yeah  
I done left some bad bitches in my past yeah  
I had that, the ex that, I couldn't run it back  
She quarterbacking with the feelings, I ain't caught that  
We had some setbacks but it's our time now  
My niggas used to ride 'round but we flying now

And I'm just tryna make my momma proud  
These niggas trippin' off that fake shit, know we not about that  
Go and get that bag fast, yeah Rockie count that  
In Colorado in the mountains, LA we hill that  
Orange coupe with the missing roof, the top just peel back  
These niggas speak our names, they don't even know  
My brain storm feel like rain tryna help 'em grow  
I understand these niggas haters, all that shit gon' show  
We already know my niggas trained to go
