Young nigga but I do more
Do it like this, they just can't ignore
Girls call me the boy
I been winnin', but I need a lot more
If you was in my position, wouldn't know what to do
All that shit you gotta endure
She Roll with me cause I'm gettin it
If it wasn't rap, it would be the same story

These girls love the boy, these girls know she gone go for sure
We be out on tour, spittin' that flow, gettin' that dough for sure

It's that all these girls understand my story
